## Building Department Fees

### A. Valuation

The Compensation Fee shall be based upon the cost of construction as attested to by the applicant on the submitted permit application. The Building Official, in addition to verifying the completeness and accuracy of the application, shall review the application for the cost of construction. If the Building Official determines that the cost of construction attested to does not accurately reflect the cost of construction for the scope of work covered by the permit, they can use any of the following to calculate the fee:	1) Copy of a signed contract for work to be completed under requested permit.
Current RS Means value = \$160 /sf under roof	2) Apply the values in the most current edition of the RS Means Construction Valuation System

The greatest of the applicant's statement of the cost of construction, or (1.) or (2.) above shall be used in calculating the permit fee.
