Airplane Builders

UFO, Sky Rocket, and Arrow Quest are just a few of the many airplane models you'll get to build in this STEM-focused program. Learn what makes your plane lift off and continue to fly, and then build some more.

NO CLASS 8/27, 9/3 & 10/8

Beginner Music Class with G-Clef

Music Academy

Learn all about music, instruments and voice. Learn to perform in a group setting with other beginners; guitar, keyboard, percussion and singing. Also learn basic music theory and rhythms. Come and join this fun and interactive group. No experience necessary.

NO CLASS 8/28

Cooking with Enid

Students learn basic cooking skills and the joy of eating and cooking with fresh fruits and vegetables. *There is a materials fee for this program due to the instructor on the first day of class. Food fee for Session 1 is \$25 and Session 2 is \$15.

Curious Engineers

We have opened the workshop for a semester of fun, creativity, and of course engineering. Over the course of a semester, students will invent new machines and explore creative design solutions using the Engineering Design Process. Create your own new inventions, discover how a wind-up toy works, and design your own drawing robot.

NO CLASS 8/28

Drawing & Painting Class

These classes are designed to discover, improve and master your own artistic abilities. Whether you are simply having fun, finding relief from a stressful day or expanding your artistic skills. Our classes range from beginner to advanced. *\$30 set up and supply fee due to instructor first day of class.

NO CLASS 8/27, 9/3 & 10/8

Exceptional Fitness

This class employs the BAT methodology along with visual and environmental supports to teach "fitness with a function" to individuals with Autism Spectrum Disorder and other special needs in a group setting.

Fashion Trends

Learn everything there is to know about sketching, designing, and sewing one of a kind wearable pieces to show off to your friends. You'll learn how to create a full outfit; including a top, skirt or shorts of your own design. You will know what it means to be one of the top trendsetters in school, when you show off your fashionable creativity and style.

NO CLASS 8/28

Fitness Fun

Fun and fitness go hand-in-hand as we play games that get the heart pumping and the body moving. Participants will develop fitness levels, teambuilding skills, creativity, and discover how to make wellness a way of life. Join us as we run, jump, and dance our way to being the best me we can be.

NO CLASS 9/3 & 10/8

Ju-Jitsu

A great after school activity that teaches focus and discipline while allowing students to gain physical strength and coordination. *Uniform purchase required. See instructor for details.

Kidokinetics

Kidokinetics is inspiring even the youngest of athletes to get up, get moving and get in the game. Your child will learn and practice a different sport each week. From lacrosse to golf, they will play it all.

Kingdom Training Basketball

Come and learn the fundamentals of the game of basketball from our highly qualified staff of coaches with both college and professional playing experience. Our classes are upbeat and help teach discipline, focus and improve self-esteem.

NO CLASS 11/22

Magic Masters

Abracadabra, you will be transformed when you learn to perform all new tricks this fall. The Disappearing Deck, 3 Magic Wands, and Coin Increasing Bag are just a few of the astounding tricks you will learn during this exciting program.

Silly Science

Young scientists will explore the world of science through silly games and wacky wild experiments. *There is a \$25 materials fee for this program due to the instructor on the first day of class.

Soccer Skills

Got Soccer? This class is designed to challenge players' current skills and refine them to bring each player to the next level.

NO CLASS 11/22

Sportkenitics

Our elementary program is created for kids, at any skill level, who just want to play. Your child will practice a different sport every week with fun games, drills and "challenges" that help develop strong fundamental skills in a variety of sports. We focus on the importance of setting goals, working hard, teamwork and good sportsmanship. Our program improves athleticism and builds confidence.

NO CLASS 11/22

STEM Club

Looking for something different, unique, and progressive for your child? STEM Club introduces students to a new, hands-on, program that pull from different disciplines of Engineering. These include programs from Hardware, Software, Electrical, and Mechanical.

NO CLASS 11/22

Volleyball

This class will include instruction in the basic skills of serving, passing, setting, attacking and blocking. We will also cover tactical skills of basic volleyball offensive and defensive plays during practice games. Includes a dri-fit shirt.

NO CLASS 9/3 & 10/8
