*Materials fee due to instructor on the first day of class

Airplanes Engineers

Do you question how a machine as heavy as an airplane can fly? Do you want to learn how air pressure works perfectly to create airplane lift? Does testing the limits of your model airplane intrigue you? If you answered yes, then you are qualified to be an Airplane Engineer! You'll use this newly-learned knowledge to build your own airplane and then fly it in the ultimate test flight. If having fun while learning STEM is what you love, then this course is for you!

NO CLASS 1/21, 2/18 & 5/27

A Culinary Trip Around The World

Hola! Ciao! Ni-hao! Introduce yourself to different cultures through a culinary trip around the world - Children will sharpen their cooking skills and broaden their palates through preparations of multicultural dishes to dig into and discuss. Step out of your comfort zone and find your new favorite food from the other side of the world.

NO CLASS 3/22 & 4/19

Cold Weather Fashion

This season, keep warm by designing and creating your very own cold weather staples! Should the weather outside start to chill during a cold front, you'll be looking hot in one-of-a-kind cold weather accessories like a fleece poncho, hat and scarf! From sketching and designing your accessories; to actually creating super chic pieces, we'll guide you through the whole process. No experience is required to join this class and become a real fashion designer!

Cooking with Enid

Students learn basic cooking skills and the joy of eating and cooking with fresh fruits and vegetables. *There is a materials fee for this program due to the instructor on the first day of class. **Food fee for Session 1 is \$15 and Session 2 is \$10.**

Dollars, Cents and More Sense!

An excellent way to prepare your child for life is giving them the knowledge of creating a budget or "A Budget That Makes Sense and More Cents." An allowance for a job well done is not only challenging, but fun. And don't forget to have a purpose on how much will be saved and spent, a great way to avoid debt in the future.

Drawing & Painting Class

These classes are designed to discover, improve and master your own artistic abilities. Whether you are simply having fun, finding relief from a stressful day or expanding your artistic skills. Our classes range from beginner to advanced. ***\$30 set up and supply fee due to instructor first day of class.**

NO CLASS 1/21, 2/18 & 5/27

Edible Science

Now finally you can EAT your experiments. This class is designed to transform the kitchen into a science lab. By incorporating the following life science, biology, chemistry, solar system exploration and earth sciences into these simple experiments. Where science and food meets. Students will eat them up!

NO CLASS 1/21 & 2/18

Goal Setting and DREAM / Vision Boards

Students will master the art of setting goals, embrace action plans, set priorities and other skills it takes to achieve goals. By combining goal setting with Dream / Vision Boards, it is a fun and visual way for students to express their dreams and inspire them to pursue them.

Ju-Jitsu

A great after school activity that teaches focus and discipline, while allowing students to gain physical strength and coordination. *Uniform purchase required. See instructor for details.

Kidokinetics

Kidokinetics is inspiring even the youngest of athletes to get up, get moving and get in the game. Your child will learn and practice a different sport each week. From lacrosse to golf, your child will play it all.

Kingdom Training Basketball

Come and learn the fundamentals of the game of basketball from our highly qualified staff of coaches with both college and professional playing experience. Our classes are upbeat and help teach discipline, focus and improve self-esteem.

NO CLASS 11/22

Magic Masters

If you've always wanted to perform magic tricks and illusions - Hocus Pocus, you could be a Magic Wizard! You'll be transformed when you learn seemingly impossible illusions like the "truth telling tube", "card reading" and "anti card levitation" tricks. This program is not only fun, but many of the tricks reinforce important math concepts. So grab your magic wand and pointy hat. Magic Wizard-your wish has been granted!

NO CLASS 3/22 & 4/19

Soccer Skills

Got Soccer? This class is designed to challenge players' current skills and refine them to bring each player to the next level.

Sportkenitics

Our elementary program is created for kids, at any skill level, who just want to play. Your child will practice a different sport every week with fun games, drills and "challenges" that help develop strong fundamental skills in a variety of sports. We focus on the importance of setting goals, working hard, teamwork and good sportsmanship. Our program improves athleticism and builds confidence.

Stronger Girls Together

Our weekly gatherings aim to empower girls ages 8 - 14 through hands-on experiences like art, yoga, nature, culturally-relevant conversations and community projects and service.

Volleyball

This class will include instruction in the basic skills of serving, passing, setting, attacking and blocking. We will also cover tactical skills of basic volleyball offensive and defensive plays during practice games. Includes a dri-fit shirt.

NO CLASS 2/18
