Queen Palm	<i>Syagrus romanzoffiana</i>
Ribbon Palm	<i>Livistona decora</i>
Senegal Date Palm	<i>Phoenix reclinata</i>
Triangle Palm	<i>Dypsis decaryi</i>
Large Palms – mature height >35'	
Common Name	Botanical Name
Bismark	<i>Bismarkia nobilis</i>
Cuban Royal	<i>Roystonea regia</i>
Date Palm	<i>Phoenix dactylifera</i>
*Florida Royal	<i>Roystonea elata</i>
Mexican Fan Palm/Washingtonia	<i>Washingtonia robusta</i>

***denotes native to South Florida**

Please note: This list is provided as a convenience and is intended for Zones 9a to 10b. It is not to suggest any particular species for your permit or application. Not all nurseries and/or growers keep inventory of the tree(s)/palm(s) and plant species listed, and therefore availability could be a factor. Also, certain species may not be suitable for your specific site conditions. Please familiarize yourself and make plant selections based on this information. One should also consider the location surroundings, planting space, water requirements and desired function with the landscape and site.
